A champion will be crowned this weekend at the Penhold Multiplex in Penhold, Alberta as three weekends of competition culminate in the Championship Weekend of the inaugural U17 Hockey Super League Challenge Cup. The 2021-22 version of the U17 Challenge Cup has featured competition between nine (9) teams representing both British Columbia and Alberta who all compete in the Hockey Super League U17 division.

The three-weekend competition has featured round robin games on the weekends of October 22-24th in Calgary, Alberta and November 12-14th in Delta, British Columbia. Nine (9) teams have competed in the round robin but unfortunately, the Sharpshooter Hockey Academy is not able to attend the Championship Weekend in Penhold. Round robin competition will wrap up on Saturday evening which will set the table for four playoff games amongst the eight (8) teams competing this weekend. At the conclusion of Saturday's games, all teams will have played a total of eight (8) round robin games of which will determine the final standings and matchups for Sunday's playoff games.

This weekend will be the last weekend for our 2006 born athletes to impress the Western Hockey League scouts who will be in attendance as the league will be holding its draft next Thursday, December 9th. We are excited to announce we have partnered up with 4Vengeance Media to bring viewers a professional broadcast of all the U17 Prep Challenge Cup Final games taking place this weekend *outside of Friday evening's game from NAIT and Sunday's 8am and 3:45pm placement games*. The 4Vengeance Media broadcasts this weekend will feature four cameras, replays, graphics, live commentary, and intermission interviews. All games will be broadcast on the [Hockey Super League YouTube channel](#). By clicking the link you will be able to see all upcoming live streams can be viewed at the top of the page.

In the case teams are tied at the end of the round robin, the following tiebreakers will be used:

1. Most Wins.
2. Highest goals for and against differential, based on a maximum of five (5) goals per game. I.E.: $20 \text{ GF} - 15 \text{ GA} = +5$
3. Highest decimal resulting from this goals for/goals against formula: $\text{GF} / (\text{GF} + \text{GA})$ based on a maximum of five (5) goals per game differential.
4. Highest total goals for - based on a maximum (5) goals per game differential.
5. Lowest penalty minutes.
6. Coin Toss.

If a playoff game ends in a tie there will be a 10-minute 3-on-3 sudden death overtime, in which both teams will switch ends. If there is no winner in that overtime period there will be a three (3) player shootout and teams will return to the same end they would have begun the first period in. The home team will have the choice to shoot first or second. If the teams are still tied after three shooters each, there will be a sudden death shootout. Shooters are only eligible to shoot once until ALL skaters have taken a shot, then players will be eligible to shoot twice.

We look forward to a fantastic weekend of hockey and cannot wait to crown a U17 Hockey Super League Challenge Cup champion! Safe travels to all of our teams.

Yours Truly,

Tyler Wowk
